SPAIN'S NEW POLICY

New Administration to Take Charge of Cuba at Once.

GEN. WEYLER CALLED TO MADRID

He Receives Orders to Embark at Once. The New Captain General Says He Will Act With Great Energy, but Is Anxious to Establish Peace—Filibustering Expeditions Organizing—Other Cuban News.

MADRID, Oct. 12.—The minister of war has cabled to General Weyler to embark for Madrid immediately, handing over the command to Marquis Alumada, or General Linares. All high civil officials and the principal lieutenants of Weyler will be replaced promptly. The government telegraphed an order to cease instantly all severities and all rigorous methods of warfare practiced hitherto.

With the exception of the Conservatives and Republicans, who persist in courting Weyler, the majority of the press and public opinion applaud the new government for gazetting decrees recalling General Weyler and appointing Marshal Blanco governor general of Cuba. So determined was the cabinet to act vigorously that as soon as the council of ministers approved the above decree Count Xiquena, minister of public works, carried them to the palace. The queen got up from dinner to sign them. The minister of war telegraphed the Trans-Atlantic company to postpone the departure of the mail steamer to allow General Blanco to embark with a numerous staff.

Six generals, able officers, who served under Marshal Campos in the early part of the present war, and 20,000 men reinforcements will follow in November.

General Blanco is not expected to be in a position to form a correct estimate of the situation or to suggest the best course to follow before the middle of November. Military operations will begin as soon as the weather permits, against all insurgents not disposed to submit on hearing of the contemplated reforms and the reversal of the policy of the last two years.

Captain General Blanco will sail for Cuba on the 15th inst. He announces that he will act with great energy against the insurgents and will employ all political means to restore equality of treatment in the various sections of the community. The captain general adds that he has the greatest desire to end the horrors of war and to establish peace by the system which he adopted in 1879.

The Spanish party of Cuba, the Commercial Association of Havana, the Independent party of Porto Rico, have cabled the government assuring it of their support.

A cable message has been received from General Weyler saying that he embarks for Spain on Oct. 20, the first steamer sailing on that date.

THEY DRILL NIGHTLY.

Cuban Sympathizers Organizing Companies in the Wilds of New York.

HIGHLAND FALLS, N. Y., Oct. 12.—The appearance of the schooner yacht Studio at this and other towns along the Hudson river a few days ago seems to have been the signal for unusual activity among Cuban sympathizers. Companies have been organized secretly and are being drilled nightly in the mountains about four miles back of this place.

The yacht came from Florida and had on board Captain S. D. Miller, the owner and his wife. At Cold Spring, just across the river from West Point, the Studio tied up for a day. Many men who are known to be in sympathy with the Cuban cause visited the vessel, and local papers gave full accounts of the alleged filibuster and told of the organization and drilling of the companies which are soon expected to start for Cuba. The arms and equipments for the men, it is said, have been furnished by the junta. Three men, formerly of the regular army, at one time stationed at West Point, are said to be in charge of the volunteers.

MISS CISNEROS SAFE.

If She Reaches the United States She Can Not Be Surrendered.

WASHINGTON, Oct. 12.—The escape of Miss Cisneros from a Havana prison, through the efforts of a representative of the New York Journal, has been talked over at the state department the prevailing view is that it will not lead to an international complication. State department officials say that presuming that the girl and her rescuers have reached the United States they can not be surrendered even if claimed by the Spanish authorities. The case is covered by two principles of law that are never deviated from, according to the state department people. As far as concerns Miss Cisneros, she being a political refugee, can not, under our organic law be surrendered and there is no clause in the Spanish extradition treaty that would serve as a basis for a claim for her surrender. The circumstances under which she may have reached the United States can not affect the force of this doctrine.

As for The Journal agent, who secured the escape of the girl, his case is expressly covered in the following article of the extradition treaty between Spain and the United States, concluded in 1877: "Neither of the contracting parties shall be bound to deliver up its own citizens or subjects under the stipulations of this convention."

This treaty was amended in 1882, but this particular article was not touched and remains in full force. Moreover, it

has been the general policy of the United States to refuse to deliver up its own citizens to a foreign state, even when they were accused of crime in such state.

Miss Cisneros in New York.

NEW YORK, Oct. 12.—The Herald says "Señorita Evangelina Cosio y Cisneros, the Cuban girl, who escaped from Casa de Recogidas, in Havana, on Wednesday night last, arrived in this city yesterday morning. American friends accompanied her by train from New Orleans. On reaching Jersey City Miss Cisneros was taken in a closed carriage to the headquarters of the Cuban sympathizers in this city, at 58 New street, where she was joyfully received. After a short reception she was taken away and no one was allowed to see her."

KISSED HER PET DOG.

The Result Was That She Died From Hydrophobia.

NEW YORK, Oct. 12.—The Herald's cable from Paris says: What appears to be a remarkable case is reported here. A young girl of the name of Mlle. Santasiere died of hydrophobia, claimed to have been caused by the contact of her lips with the tongue of a pet dog. She had a small terrier which one day refused food and drink from its mistress, snapped at her, but did not bite. The veterinary sent for recognized hydrophobia, and the dog was killed.

A fortnight later Mlle. Santasiere was affected by the same symptoms that preceded the death of her pet, and her last moments were terrible. She refused to kiss her friends, lest she might communicate the disease to them. She said of the dog: "He never bit me. It was in kissing him that I caught the disease. Do not kiss me."

Dr. Chailon of the Pasteur institute,毫不迟疑地表达了意见，认为该病是通过空气传播的。他断言，该病是由空气传播的。

The moral of this story is that persons having pet dogs should be extremely cautious in allowing them to approach their face under any circumstances, as the touch of tinted tongue or lips may be the precursor of an awful death.

NOT TO INTIMIDATE SPAIN.

The North Atlantic Squadron Will Be Kept Out of Cuban Waters.

WASHINGTON, Oct. 12.—The administration has practically determined to keep the North Atlantic squadron away from the gulf during the coming winter. While no orders have been issued it is generally understood that Secretary Long will follow the course pursued by his predecessor and keep the ships away from Cuba.

This means that during the cold season the headquarters of the squadron will be at Fort Monroe, and their evolutions will be held on the southern drill grounds just outside of the capes.

The intention to keep the ships in northern waters is due, it is said, to the desire to refrain from giving any evidence of a purpose to intimidate Spain.

STABBED ALMOST TO DEATH.

Farmers Have a Bloody Quarrel Over Division of Crops.

RICHWOOD, Ky., Oct. 12.—Rutherford Todd, youngest son of Frank Todd, a wealthy farmer, stabbed Dan Little, a farmer living on his father's place, yesterday, inflicting wounds that will prove fatal. The men had had trouble over a division of crops.

Little attacked Todd with a rock. Todd, who was horseback, leaped from his saddle, and drawing a pocketknife, began stabbing Little, who fell. Todd continued to carve his helpless victim, leaving him for dead. Todd surrendered to the sheriff, and was released on bond pending his victim's condition.

Afraid of Being Chided.

WEST UNION, W. Va., Oct. 12.—Joseph Costello, Jr., of Kenton, committed suicide yesterday by cutting his throat with a razor. His sweetheart, one of the prettiest girls of the village, had refused to go driving with him. The fear of being chided about it and the disappointment caused him to take his life. He left a note giving this as the reason for killing himself. He belonged to a wealthy family.

Kentucky Finances Improving.

FRANKFORT, Ky., Oct. 12.—State finances are improving. Cash for the current expenses is on hand. No more interest bearing warrants are being issued, and a big lot of old interest bearing paper is being taken up. Twenty-four thousand dollars' worth of these old warrants have been called in for Oct. 16, and another call for \$100,000 worth, payable Nov. 5, will be made in a few days.

Great Strike Threatened in London.

LONDON, Oct. 12.—The secretary of the federated trades, comprising 30 important industries, announces that the executive committee has definitely decided to call out all its members in sympathy with the struggle of the engineers against their employers, on Friday next, when it is estimated that a total of 400,000 men will be out of work on account of the great labor dispute.

Electric Car Jumps the Track.

DES MOINES, Oct. 12.—A car on the Cedar Falls and Waterloo electric railway jumped the track at a bridge two miles from Waterloo yesterday, rolling down an embankment. The 14 passengers in the car were badly shaken up, three or four of them quite seriously. W. H. Morton, a traveling man, was rendered unconscious.

CAN PIPE IN PEACE.

An Important Injunction Case Finally Decided.

HIGHWAYS CAN BE CROSSED.

A Reasonable Indemnity For Any Damage Done Must Be Accepted—A Mysterious Disappearance—Queer Action of a Man Charged With Burglary—Counterfeit Shavers Arrested—Other Ohio News.

LANCASTER, O., Oct. 12.—In the injunction suit brought against the Springfield Natural Gas company known as the Central Contract and Finance company, by the Fairfield county commissioners, in an endeavor to stop the invasion of this gas field, by refusing to have the county roads crossed by gas pipes or telephone poles, the court decided that commissioners have no right to refuse to grant the franchise to cross the highways in the piping of gas by the foreign company, but must accept a reasonable indemnity for any damage done, within eight days, and that if the same was still refused, one day after that time the company may proceed to cross the roads, as the temporary injunction will then be dissolved.

Mysterious Disappearance.

GALLIPOLIS, O., Oct. 12.—Lincoln, this county, is all agog over the disappearance of Isaiah Notter, one of the wealthiest residents of Gallia. A little over a year ago he lost his wife by death, and subsequently married a first cousin. It is alleged their married life has not been felicitous. Sunday he left his house to hitch up a team to convey himself and wife to a neighbor's to spend the day. He never returned. The county has been scouring for him in vain, and Mrs. Notter is distressed with grief. Before leaving home he secured a pocketbook containing mortgages, notes and his money, besides his razor. It is feared he has suicided.

He Married the Girl.

FINDLAY, O., Oct. 12.—About three weeks ago James H. Ritter of McComb, this county, was indicted for alleged burglary, it being charged that he had burglarized the house of Mrs. Martha Geisler, in that town, to get even with her daughter, Cora, for jilting him. It is alleged he wrote letters to the latter, in which he confessed the affair. Considerable surprise has been caused by Ritter obtaining a license and marrying the girl, and this may result in the charge of burglary not being pushed against him.

Were Passing Bogus Coin.

BETTSVILLE, O., Oct. 12.—The police have in custody two men who were passing bogus coin on the village merchants. They are to be held until officers from Toledo remove them to that place for trial. The prisoners are Poles, but speak good English, and when arrested had a small amount of counterfeit coin on their persons. They gave the names of John Shurtz and Frank Wilhelm.

Vacancy on the Ticket.

COLUMBUS, O., Oct. 12.—Moses C. Moore, candidate for treasurer on the state ticket of the Negro Protective party, has ordered Secretary of State Kinney not to place his name on the ballot. Kinney has notified Executive Chairman Williams to fill the vacancy. If this is not done by Wednesday the ticket will be certified to with the office blank.

Oil Man Injured.

FREMONT, O., Oct. 12.—Frank Outhwaite, well known oil operator, was severely injured while at work on one of his wells, in the Woodville field. He was pulling tubing when the bull wheel let go. He was caught in the ropes, whirled around and sustained several broken bones and other injuries.

Surge Ruled.

FINDLAY, O., Oct. 12.—The offices of Funk & Plotner's planing mill were broken open last night, the combination of the safe chiseled off and the money drawers pried open. The robbers secured \$11. At Switzer's bakery, where the safe was blown open, \$9 in money and a check for \$14 was secured.

Each Got a Farm.

TIFFIN, O., Oct. 12.—Mr. and Mrs. John Unser, residing here, have celebrated their 50th wedding anniversary, and presented to each of their six children an 80-acre farm in Seneca county. Mr. Unser was a successful wool grower, and of late years has retired to this city.

Hunter Shoots Himself.

GALLIPOLIS, O., Oct. 12.—Crville Pickett, a young man aged 19, while hunting near his home at Swan Creek, accidentally shot himself, living only a few hours.

Accidental Shooting.

FREMONT, O., Oct. 12.—While handling a revolver Peter Wisinger, aged 17 years, shot himself in the right temple, inflicting a wound which will prove fatal.

Hotel Burned.

FRENCH LICK, Ind., Oct. 12.—The Windsor hotel, the leading hostelry of this place, was totally destroyed by fire yesterday morning about 3 o'clock, together with its contents. The fire originated in the bakery and spread rapidly and in two hours the handsome building was in ruins. The loss will reach \$40,000.

MONEY APPOINTED SENATOR.

The Unexpired Term of the Late Senator George Filled.

JACKSON, Miss., Oct. 12.—Governor McLaurin has appointed Senator-elect Hernando de Soto Money as United States senator to fill the vacancy caused by the death of the late Senator J. Z. George, whose term expires in 1899. Senator George, before his death having declined to again become a candidate for the high office, an election for the regular term was necessary, and the last legislature, after a long deadlock, elected Mr. Money for the regular term, beginning in 1899.

Four Deaths and Thirty-Nine New Cases in New Orleans—Dying Out For Want of Material in Edwards Only Five New Cases at Mobile—Reports from Other Infected Places.

NEW ORLEANS, Oct. 12.—From the latest returns there is little hope in the yellow fever situation. The board of health is daily demonstrating that with a fair show, it is possible for modern science to restrict and stamp out the disease. But the people who must suffer from a strict application of scientific methods rebel, the result being that the pathway of the board of health is beset with difficulties. If there was strict compliance with the health laws; if prompt report was made of cases, the fever germs would quickly be wiped out. But it begins to look now as if from 30 to 40 cases and from four to six deaths will be daily reported until jack frost puts in an appearance.

Yesterday, as on nearly every day since the fever first appeared here, about 50 per cent of the fatalities was traceable to neglect and a disposition to hide cases until it was too late to do anything to save life. The case of Robert Hite was reported yesterday. He had been ill some time. People in the vicinity of where he lived knew he was ill. Yet no report was made to the health authorities, and the announcement of the Hite case was almost contemporaneous with his death.

The official bulletin issued by the board of health for the past 24 hours is as follows:

DEATHS.

Henry Boorman.
J. Arthur Ledrunt.
—Cinnechi.
Robert Hite.

New cases—H. M. Freeman, D. Fessard, Morris Weiss, Nathaniel Davis, Max Markowitz, Lara Ballentine, Thomas J. Harnett, J. W. Hughes, W. Barkwell, C. Jordan, H. Klinger, Gladys Duham, B. Langry, Howard Wagner, Mrs. F. D. Tenney, Mrs. J. Thatcher, George Harley, Salvator Fontana, —Corvaja, —Scogna, —Milo, S. Davis, Dennis Malone, Charles Sauer, Louis Blanks, Hugh Riddle, Albert Ernst, Frank McN. Gordon, Robert Hite, Miss Jones, Miss Annie Murphy, Joshua Pace, Mamie Nelson, Frank McConnell, Miss Roberts, Carrie Donnett, Hartwig Moss, J. P. Becker, Mrs. Pace.

Total cases of yellow fever to date, 616; total deaths from yellow fever to date, 65; total cases absolutely recovered, 257; total cases under treatment, 294. The most important feature of the news as to the new cases was the fact that four people were found to have been stricken at the Jewish home, a well known local charitable institution. The officials of Touro infirmary agreed to receive the cases and they were at once taken to that hospital, which is largely supported by the Hebrew population although non-sectarian.

Two cases were also reported to have developed at the Hotel Dieu, another private hospital. Both of these hospitals have heretofore had cases and the physicians in charge have been successful in treating them and in containing the disease.

Another new case appeared at Algiers, on the opposite side of the river. A majority of the new cases presented new foci of infection.

Reports from Nittanyia announce the death of Mr. Smith of the yellow fever patients. Six cases under treatment; three convalescent.

At Biloxi there were 12 new cases; at Clinton no new cases; one new case in the country, seven miles west of Mobile, and at Scranton nine new cases, no deaths.

Light Report at Mobile.

MOBILE, Oct. 12.—The very light report has again raised the spirits of the people. The record showed but five new cases and no deaths. Two of the new cases are in houses where fever has visited before. The new cases are: Lucy A. Buckley, Matilda Smith, Mabel Bidgood, Mrs. A. L. McDonald and Emma Discher. Total cases to date, 126; deaths, 20; recoveries, 67; under treatment, 39.

STRUGGLE WITH A HORSE.

Fierce Fight of H. E. Agar, His Son and His Wife.

PRINCETON, Ind., Oct. 12.—Henry E. Agar, a prominent merchant and treasurer of the Central Trust and Savings company, was seriously injured by a vicious horse on the farm of Robert Montgomery, three miles west of this city, yesterday.

Mr. Agar and family were hunting paw-paws in a woods pasture. A vicious stallion saw Mr. Agar's little son and madly dashed at him, kicking the boy on the hip. In attempting to save his son, Mr. Agar was kicked and frightened, his face is badly lacerated and his body a mass of bruises. Had not Mrs. Agar attacked the animal with a large club, her husband and son would have been killed.

Old Lovers at Last United.

LIGONIER, Ind., Oct. 12.—John Henry and Lucy Squires, aged 84 and 82 respectively, were married in the southern part of this county last night. Henry and Mrs. Squires were lovers when young. Each has great-grandchildren.

THE City Council at Lexington a few days ago exempted the new brewery soon to be started there from taxation for five years. The Lexington Roller Mills, an enterprise already in operation, now comes forward and asks for the same treatment accorded the brewery. The Council will have its hands full no doubt ere it gets through with all the appeals of this character. It has placed itself in a position where it can not with justice deny any of said petitions.

THE London Times, in its latest financial article, expresses the belief that so far as the Bank of England is concerned nothing more will be heard of the offer to hold silver as a portion of the reserve. It deplores the "mischievous effect the Governor's letter has had abroad," and it quotes at length from a letter written by a big American manufacturer, whose name is not given, dilating upon and regretting the fact that the bank's offer was to some extent a confession of the alvability of what Mr. Bryan had claimed. The offer of the bank, if carried out, would knock the props from under the gold bugs of this country, and the Governor's recent proposition threw them into a frenzy. The gold bugs of this country have been led into their present position by English influences, and to be deserted now by their British cousins would make of them a laughing stock.

"A BIG VULGAR FELLOW"

A Pen Picture of the Junior Senator From Ohio Who is Seeking Re-election.

The Cincinnati Current Events describes Mark Hanna's speech at Burton as a "most ludicrous exhibition," and says: "We can just picture him sweating and struggling while he ground out cumbersome sentences barren of ideas but smacking of egotism and indicative of the firmly settled conviction in his mind that he was the whole thing. It will be a hard task for Mr. Hanna to realize that he is just a mere political accident—some sort of an accidental miscarriage—as Major C. H. Blackburn said in an address, in speaking of him. We would like to give Hanna's speech as a whole. It shows so plainly that he is just a big, fat, vulgar fellow that sets power of money above all manly virtues and rank pomposity above modest real worth of character. This butcher should be removed from the public gaze. He does not seem to realize that it was on the cards for McKinley to be elected, for the people were not fully awake to the real situation. Elected he must have been, and McKinley's majority would have been, even much larger had it not been for Hanna. He was the fly that sat on the axle of the chariot wheel and who scratched his side with contentment as he remarked complacently, "My, how I do make this old thing spin!"

PLAIN WORDS
From a Republican Paper About Its Party's Management of the Penitentiary.

Chair Factory Contract a Rotten Job—Republican Sinking Fund Commissioners Told To Resign.

[Louisville Capital.]

It would be vastly better for the State of Kentucky for the Sinking Fund Commissioners to take \$100,000 a year out of the treasury and present it to A. D. Martin, than to let that Connecticut Yankee come in here and take the convict-made chairs at less than cost, and sell them in competition with the honest labor of citizens of the State.

The net result of the chair contract is that there is now but one chair factory in operation in Kentucky, and that is running with a short force, on styles that Martin has not yet undertaken to control. Martin, or rather the company to which he has assigned his contract, is selling goods at such prices as to arouse the curiosity of the big manufacturers of the great furniture center, Grand Rapids, Mich. No other convict factory ever turned out such cheap goods, and the trade of the country is standing aghast, while the Sinking Fund Commissioners issue a treasury statement showing that they paid out \$131,000 more last year than they got in from the penitentiary, and then doctor up a fictitious showing for the Republican Hand Book showing "a loss of only \$39,000 a year," upon which they proceed to shake hands with themselves and to congratulate the party upon such a good showing.

The Sinking Fund Commissioners are getting in about the same position as Warden Hancock when the Senate Investigating Committee made him acknowledge that his annual report was incorrect in that he had omitted a charge against the prison of \$51,000, thereby showing a profit when in reality there was a loss. When the Warden was taxed with having made a "good showing" upon false figures, he laughed feebly and replied, "Well, it would have been a good showing if it had been true."

The Capital is not charging anybody in particular with corruption, but when it gets through with this rotten job, somebody will be charged with rascality, and convicted of it. The Commissioners can not afford to let such things go on, much less to defend them. If the Sinking Fund Commissioners can not manage to State's business so as to prevent such transactions as these they had better resign.

These are only two of many disgraceful transactions which will be developed. The Commissioners have not only refused to investigate the chair scandal, but they have committed the Republican campaign to its defense, and have seen fit to make it a matter of quarrel with the editor of this paper in his capacity of a public official associated with the Governor.

In order that there may be no misunderstanding, the Capital will state that Gov. Bradley has within the week expressed the belief that it is not possible that the Commissioners who have had especial charge of the penitentiary matters should have allowed such things as the Capital has charged. But the Governor promptly agreed to have a thorough investigation, which is all that can be asked. And the Capital will undertake to show not two or three more such cases as those here cited, but many more, and worse.

The Capital sought to secure the co-operation of all those concerned in the prison management. It has been met with attacks made by anonymous writers who have handed manuscript to the Frankfort correspondent of the Commercial and that paper has published these anonymous contributions. The Capital accepts this challenge and will go after this chair contract rascality, and carry the fight into the Legislature, unless there is a square back-down by those in charge of the penitentiary and an honest reform of the abuses.

Black Zibeline bargains are gauged not so much by the prices you pay as by the better qualities we give at the several prices you've known—50c. to \$1.25.

HANDKERCHIEFS.—Seldom a handkerchief item in an advertisement is as noteworthy as this—one, every thread pure linen, hemstitched, warranted hand-embroidered handkerchief, 15c. each, \$1.50 dozen.

FANCY EIDERDOWN.—Some of the most exquisitely pretty eiderdowns are here, and despite their beauty the price is only 15c. Soft cotton face, held together by the characteristic spongy back, and smuggled in the long nap are the richest, softest color plays of the season. No need to say what the stuff is good for—wrappers, saques, skirts and children's wear.

COUNTY COURT.

Regular October Term—Settlements Filed. Wills Probated—Other Business Transacted.

The October term of the County Court was held Monday, Judge Hutchins presiding.

The following settlements were ordered recorded:

Charles T. Calvert, assignee of Jos. F. Walton, Garrett S. Wall, executor of Thomas Wells, H. M. Pyles, administrator of John Pyles, C. L. Sallee, assignee of Union Agricultural Society.

Ezekiel Williams, guardian of Wm. Hale.

Rev. Boyd K. Muse was granted license to perform the marriage ceremony.

C. L. Sallee qualified as administrator of Wm. E. Brown, colored, with James H. Sallee as surety.

The will of the late Mrs. Mary R. Spalding was admitted to record, and W. D. Spalding qualified as executor without surety. The will was written in 1890. She bequeathed all her household and kitchen furniture and the house and lot on northeast corner of Third and Short streets to her sister, Mrs. Jane Outten. The rest of her estate goes to the children of the late Daniel Spalding, share and share alike.

The will of the late Mrs. Mary M. Watson, of Minerva, was admitted to record, and Mrs. Alice Forsythe, Mrs. Mollie Robertson and Vachel B. Watson qualified as administratrix and administrator, with the will annexed, with W. B. A. McNutt surety. She willed her dwelling house and storeroom to her daughters, Lucy H. Watson and Mrs. Alice Forsythe. If the former survives the latter she is to have all of said property. If Mrs. Forsythe survives her said sister said property is to be divided equally between Mrs. Forsythe, Mrs. Mary E. Robertson, V. B. Watson and the children of Annie McNutt, said children to take the interest of their mother. The household and kitchen furniture goes to Miss Lucy H. Watson. The interest in the Boyd property goes to the children of Annie McNutt. Mary Robertson, Dr. McNutt and V. B. Watson were each bequeathed \$100. In the event Mrs. Forsythe marries before Lucy H. Watson the dwelling house and storeroom go to the latter, but if the latter marries before Mrs. Forsythe said property goes to all the heirs equally.

The late Eli Stevenson's last will was admitted to record. He bequeathed all his estate to his wife for life, then to his children, equally.

The last will of the late H. H. Collins was admitted to record, and Mrs. Martha J. Collins qualified as executrix without surety as provided in will. She has appointed Mr. John Duley as her attorney in fact. All the estate was bequeathed to her so long as she remains the widow of decedent, but with full power to sell and dispose of same. H. H. Collins, her minor son, is to have a home with her and be entitled to education and support out of the estate until he becomes of age. In any advancements or will she may make to the two children, the older is to be charged with \$1,000 advanced to him, without interest.

Martha J. Collins qualified as guardian of H. H. Collins, a minor, with John Duley as surety.

A sale bill of the personal estate of Catherine Tabb, deceased, was filed. Amount of sale \$802.87.

Maggie Archdeacon qualified as administratrix of John J. Archdeacon, with C. B. Pearce, Jr., J. R. Roberson and J. C. Jefferson as sureties. Appraisers: Samuel G. Raymond, C. W. Williams and John Collopy.

A VIGILANCE COMMITTEE.

The Good People of Newport Organize to Get Rid of the Bum Element.

NEWPORT, Ky., Oct. 10.—It became known Saturday morning that an organization of the best citizens of Newport will be formed and efforts made to rid the city of the toughs that hang around in secluded places ready to commit any kind of a crime for a glass of whisky or a bucket of beer.

The agitation was given birth through the assault upon Mrs. Gleason. According to the story that is going the rounds, six well-known men met at a private residence on Monmouth street Friday and talked over plans for such an organization. There will be many elements in the organization that will savor of the nature of a vigilance committee, but there will be no lawless doings. Their idea is to form a committee on public safety to aid the authorities in having an old-fashioned rounding up of the tough element.

Citizens of Bellevue, Dayton and the Highlands will be asked to join the association. There has been considerable complaint about the acts of the loafers, and it has been said that several females have been insulted by this gang. They were not brought to justice because the girls in question feared the notoriety that such action would bring.

Many of these fellows are known, and the plan is to notify the parents of the younger element to see that they go to work or get out of the town. If this warning shall not be heeded active legal steps would be taken.

The older men will be notified directly, and if they shall not heed the warning they will be similarly dealt with.

Covington Commonwealth: "It is well that the penalty for the crime with which the twelve young men arrested in Newport yesterday are charged is death."

"The deed, as the facts in the case leak out, is devilish and foul almost beyond conception."

"The twelve men are latter-day nineteenth-century bums, the like of which could not be found the world over. They are outcasts from their own families and have not done an honest day's work for years."

"They are without question the fittest subjects upon which to practice the art of hanging ever produced. The crime is one for which, however, the good people of Campbell County are in no way to blame and vigorous action in the case displayed by their officers is to be commended."

Mr. KENNAN TOUR left on the early train this morning for Cincinnati to accept the position of foreman of the trimming department of the Lyon Buggy Company's factory.

THOMAS HUGHES and Miss Elizabeth Holt, both of this county, were granted marriage license Monday. October 13th is the date of the wedding, which will occur at the home of Rev. Mr. Yazell.

NOTED PREACHER COMING.

Rev. H. A. Northcutt to Assist in a Protracted Meeting at the Christian Church.

Rev. S. D. Dutcher, pastor of the Christian Church, has secured Rev. H. A. Northcutt to assist in a protracted meeting to be held next January. The meeting will begin at the close of the week of prayer, and continue two or three weeks.

Rev. Mr. Northcutt is a most eloquent preacher, and is one of the most zealous workers and successful evangelists of the Christian Church. He is now in a meeting at Centralia, Mo., that had resulted in sixty additions to the church at last accounts.

Mrs. LUCIE KEITH, the Republican and National Democratic nominee for School Superintendent of Fayette County, is the oldest daughter of Mr. Pendleton Keith, formerly of this county.

Hechinger & Co.'s

Fall styles are shown in scores of handsome new cuts. Weavers' wits were never more versatile in producing attractive loom effects. Skill in wholesale tailoring has made marvelous progress in recent years. No better evidence is needed than a critical inspection of ready-to-wear Clothing made for them. There is a nicety of detail, a carefulness of finish, a symmetry of cut that denotes master minds and master hands. This not only has reference to their Clothing but also to their other different departments. Nowhere will you see so handsome a display of Gentlemen's Furnishing Goods, fine Shirts, Hats, Collars and Ties as Hechinger & Co. show.

Have you looked at their stock of

SMITH & STOUGHTON SHOES

Recognizing the needs of their patrons, Hechinger & Co. arranged with Messrs. Smith & Stoughton, one of the most prominent manufacturers of fine Men's Shoes in the country, to sell their goods. See their window display of them and you will not wonder that although but thirty days elapsed since the first shipment arrived they are already doing the Men's Fine Shoe business of the town.

ANOTHER ONE CAPTURED.

Andy Roehl, implicated in the Brutal Assault on Mrs. Gleason at Newport, Jailed Monday.

NEWPORT, Ky., October 11.—Andrew Roehl, another of the men wanted for assault of Mrs. Gleason, was captured Monday morning.

Chief of Police Lieberth sent for Roehl's sister Sunday and stated he was aware of her brother's hiding place. She stated her brother was in poor health, and she did not desire him locked up, but she promised he would be on hand when the case was called for trial. The Chief insisted on his arrest, and she agreed to meet an officer Monday morning and accompany him to her brother's hiding place. Sergeant Shilling was met by Roehl and his sister at Fourth and Central avenue, and he was taken in charge. The family has retained the Hon. Howard Douglas, of Cincinnati, and he advised Roehl not to talk. Greer admitted in his sworn statement that Roehl, while in company with the crowd, was not a party to the assault. It is the impression he will be allowed to turn State's evidence.

Thomas Gleason, whose wife was assaulted, was offered \$500 by parties unknown if he would agree to leave at once with his wife. Gleason notified the authorities.

EAST LIMESTONE.

Mr. and Mrs. Dave Seers, of the sixth ward, were guests of relatives here Saturday and Sunday.

Samuel Marvin, a farm-hand who makes his home at Henry Pressly's, was paralyzed in his right hand while cutting corn for R. C. Williams.

Thomas Williams is digging a well at his home after locating a vein with a peach tree twig. He has resorted to several powder explosions which were heard some distance away.

Master John Degman, of Springdale, was a visitor at "Mt. Welcome" Sunday and enjoyed a boat ride on the lakelet, which has only slightly diminished during the protracted drought.

The dense smoke from the forest fires that has been hanging over us for several days past, was almost equal to that from the memorable Chicago fire which occurred October 8th and 9th, 1871.

The Kennedy's Creek road was partly surveyed Thursday of last week, but the viewers not acting in accordance with the request of the petition which was to remove said road *entire* from the bed of the creek, and an easy grade to the top of the hill. It is not likely that their action will be accepted by the petitioners. They began their survey near the center of the length of the road conveying about one mile of the road from the creek leaving the terminal portion where the creek of course assumes its largest proportions and during the winter season is filled with ice or water from bank to bank as the case may be. One of the viewers lustruates that a road was not particularly needed in winter, therefore construing the fact that no one should need a doctor or undertaker their services must be dispensed with until springtime. Much dissatisfaction is expressed over this affair, and nothing short of a pike now will satisfy the citizens who feel that they have been unjustly dealt with. The majority of the citizens have expressed themselves as ready and willing to gratuitously give the right-of-way for a pike, but not for a dirt road, and also their proportion of money, the pike to intersect with the one agitating this way from the southern part of the county, and when this road is completed it will be the most important and central thoroughfare of the county.

TIMES OUT WEST.

The Lead Mines at Joplin, Mo.—Plenty of Capital, But It's Held For Speculation.

JOPLIN, MISSOURI, October 8th, 1897.
Roser & McCarthy, Maysville, Ky.—Gentlemen: Please find enclosed a draft on the Western National Bank of New York for \$3, which please send me receipt for.

It is still very dry, no rain for over two months. We have so far plenty of water for all purposes. Our county is well watered by Spring river, Center Creek, Shoal Creek, Turkey Creek, all large streams, and a number of small creeks which afford plenty of water.

The output of our mines is on the increase all the time. Over \$100,000 per week. Last week the cash value as per rates of lead and zincores for the distilleries was nearly \$120,000. Two-thirds of that amount is put in circulation, as the miners usually spend all they earn, and the mine owners put theirs in the bank. So what property we have comes from the laboring element. There is not an empty store or dwelling in the city, and people arriving from all over the country, I suppose 100 houses could be rented if they were built. There has been a good many houses built this summer, mostly residences. The merchants seem to be doing well. There is a good demand at good wages for men who understand mining.

We have the largest electric railway, so said, in the world. It is thirty-two miles long and you can ride twenty miles for 25 cents. The farmers as yet have not sown any wheat, and but few have their ground prepared.

Apples are badly damaged by the dry weather, and good ones will be high.

Mrs Mary Hall has returned from a visit to her uncle, W. S. Pickett, of Hickory County, Mo., and will start for her Kentucky home in a few weeks.

I suppose we are doing better here than most places. Still money is hard to borrow and brings good interest. There is plenty capital, but it is held for mining speculation.

I am always glad to get the BULLETIN; it is like meeting an old friend. Yours respectively

E. D. PICKETT.

Mr. Charles McAfee Lewis, late of the Bowling Green Times, was in town this morning on business, and was a welcome visitor at the BULLETIN office.

END OF BASE BALL.

Baltimore Take the Temple Cup Twice in Succession.

BALTIMORE, Oct. 12.—The "Temple Cup" will stay in Baltimore another year. It has been won twice in succession for the first time in its history, and if the "Crosiers" take it again it is theirs absolutely. The former champions also take 60 per cent of the money paid in at the gates during the three games in Boston and the two played here, while the winners of the pennant will get 40 per cent unless as is generally believed, the players have agreed among themselves to divide the spoils equally.

Yesterday's game, like all the other series save the first one, was an easy proposition for the Edinborians, who won much as they pleased, while the visitors never appeared to think they had any chance whatever. An audience so small that the management refused to give the exact number and so utterly devoid of enthusiasm that scarcely a ripple of applause occurred, saw it done and appeared to be glad that the game, which by the way was one of the shortest on record, was over and that the season was over with it. There may have been a thousand people on the grounds, but a better estimate would place the attendance at 750.

This fact, in view of the pleasant weather which prevailed, indicates that Baltimore base ball enthusiasts have had a surfeit of the sport for the time being and that they do not look upon a "Temple Cup" game as being anything out of the ordinary. At its conclusion both teams disbanded and many of the players left for their homes, two of them, Jennings and Kelly, to prepare for the early assumption of marital responsibilities. The score:

Baltimore 2 8 0 0 2 2 *— 9 13 2
Boston 0 2 0 0 0 0 0 1— 3 15 3
Batteries—Hofer and Clarke; Hickleman, Sullivan and Yeager. Umpires—Hurst and Emslie.

THE HYPNOTIC SPELL BROKEN.

Threats of Water and a Pitchfork Scare a Response.

KOKOMO, Ind., Oct. 12.—Professor Charles W. Osgood, manager of a hypnotic entertainment here, is on trial here under the new law to protect hotelkeepers. Osgood and his partner were arrested while one of them was buried under six feet of earth. Officer Welty, who made the arrests, yelled down the breathing tube to the supposed hypnotized man, demanding that he acknowledge service of warrant.

After a threat to pour water on him or run a pitchfork down the hole, the "subject" acknowledged service and was dug up for preliminary trial.

The two are being tried for dredging a board bill at the Hewett House. The arrests were made last June.

Sugar Beet Test Successful.

ROCHESTER, Ind., Oct. 12.—The farmers in the western part of Fulton county held a meeting last spring and decided to give sugar beets a test. Seed was ordered and they now have fine crops. They are jubilant over the prospects of future profits. Enough of the product has been sent to Purduo to be tested. Starko county beets show 16.75 per cent sugar and 98.5 purity and it is believed Fulton county will make as good a showing. This soil resembles that of Nebraska, where fine beets are raised.

Midget Baby Dead.

ELWOOD, Ind., Oct. 12.—The smallest child ever born in central Indiana, and which was a puzzle to physicians, is dead, having lived eight months. At birth the baby did not weigh a pound, and at no time did it weigh more than a pound and a half, although it appeared to grow stronger mentally. The baby appeared to be in fairly good health, and death came suddenly and unexpectedly. Its parents, Mr. and Mrs. George Moneyhun, are strong, robust people, and have other healthy children.

Train Robbers Plead Guilty.

PORTLAND, Ore., Oct. 12.—George Jackson and Charles Williams, who held up an Oregon Railway and Navigation company passenger train near this city two weeks ago, have been found guilty of highway robbery. Jackson pleaded guilty and Williams was found guilty by a jury. The penalty is from five to 20 years in the penitentiary.

Man Hand Found in Fertilizer.

ENGLISH, Ind., Oct. 12.—The finding of a man's hand in commercial fertilizer which was purchased in English is creating a stir among the farmers who use such material. The hand is probably the lost member of some workman.

Indications.

Local rains, followed by fair and cooler weather; brisk westerly winds, high on the lakes.
